## MUM DISPLAY

Saturday, Nov. 4 thru Sunday, Nov. 12

Courtesy Days Saturday and Sunday

Nov. 4 and 5

Hundreds of Nursery bargains plus a display of cut Chrysanthemum bloom, embracing all types and limited to varieties that have proved most satisfactory in this area.

FOR YOU AND YOUR FRIENDS

**Tuttle Bros. Nurseries**

LIBERTARIAN  
U. S. DEPT. AGRICULTURE  
Washington 25  
D. C.

## CHRYSANTHEMUMS

Our **CHRYSANTHEMUM DISPLAY**, this year, will combine a cut flower display of the most dependable and popular of the older varieties with many of the newer sorts.

While we will show blooms of most of the varieties described hereafter, during the 12 days of the show, some of the better late blooming kinds will not be in flower. These will be shown as they come into bloom.

Mr. James Turnbull, well-known Chrysanthemum expert, will be in attendance during the two week ends of the Display to advise you on any Mum problems.

During the Display we will have on sale a gorgeous collection of Mums in large pots and gallon containers. This collection will include flowing Cascades and well trained Espaliers as well as the conventional types. Some of the later varieties, while available, will not be in flower during the Show. So, until the end of the Chrysanthemum season, you Mum minded folks will find a weekly visit to our Nurseries well worth while. Approximate blooming date after each name.

**Prices** quoted are for plants established in Plant Bands (or bare-root, if sent by parcel post).

**Plant Bands.** Orders of \$2.50 or more may be called for, or will be delivered without charge on our regular truck routes, between April 1 and July 1. Orders of \$2.00 or more taken for delivery off our regular truck routes will be sent Bare-root by parcel post prepaid between May 10 and June 10.

**No C. O. D. orders accepted for parcel post delivery.**

**Plants in Large Pots and Gallon Containers** available immediately. Free delivery on our regular truck routes if Chrysanthemum order or Chrysanthemum order combined with order for other material amounts to \$2.50 or more.

**Printed Cultural Instructions Available at Nursery.**

## SPOON VARIETIES

Single and semi-double, often with a yellow button center. The long, horizontal petals are usually quilled or tubular, open at the tips, making a broad spoon which frequently is of contrasting color.

Mark	Quantity Desired		Each	Amount
.....	<b>*PAULINE.</b> Single soft yellow with spoon tipped petals. A fine specimen. Nov. 1.	.....	.30	..... .....
.....	<b>SNOW QUEEN.</b> Pure white with 6 inch flowers. Nov. 1.	.....	.30	..... .....
.....	<b>YELLOW SPOON.</b> Double buttercup yellow. Many branched sprays. Nov. 1.	.....	.30	..... .....
.....	<b>YOMEI.</b> Quills rich old gold; spoon tips open to bright red. Grow as sprays or disbud. Nov. 10.	.....	.30	..... .....

## ANEMONE FORM

Distinguished by a large, neatly formed Cushion of florets in the center with regularly arranged large ray petals. Usually disbudded.

.....	<b>BEAUTIFUL LADY.</b> Bright lavender-pink, creamy cushion. Semi-dwarf. Nov. 20.	.....	.25	..... .....
.....	<b>*BRONZE TUXEDO.</b> Apricot bronze with wide pointed ray petals and tufted center of darker florets. Nov. 1.	.....	.25	..... .....
.....	<b>*FRANCES SCHOEN PARKS.</b> Ray petals and florets both pure white. Large if disbudded. Nov. 1.	.....	.25	..... .....
.....	<b>*H. J. BALLOUGH.</b> Light orchid-pink rays with large yellow cushion. Bushy plant. Nov. 10.	.....	.20	..... .....
